

E80 500W

POWER SUPPLY

E80 PSU series are the new Eco-friendly power supplies. With up to 80% power efficiency they can save over 10% of electricity waste compared with standard PSU. With E80 Aerocool Power Supplies you can not only reduce energy consumption, overheating and reduce electricity bills but also contribute to maintain the environment for the new generations. 500W model recommended for mid-range computers.

- Compatible with ATX 12V2.3.
- 500W real power.
- Silence 12cm fan with Intelligent fan speed control.
- Honeycomb ventilation design for optimal heat dissipation.
- Up to 80% efficiency.
- High End VGA Card support with 1 x PCI-E connector.
- Powerful Dual +12V rails offer stability and supports high-end graphic cards and PC System (combine loading of 444W).
- Long cables (450mm in external length) to support high-end cases with "Bottom" PSU position.
- Active power Factor Correction (PF>0.99).
- Low ripple noise.
- Protection : OPP/OVP/SCP/UVF/OCP.
